

No Standing Around in My Gym, PE2theMax (I & II), The Best of... Volumes 1, 2, 3 & 4 Instructional DVD's, PE² and HyPED Up! by J.D. Hughes, M.Ed., Ed.S., NBCT

Great resources of ideas and solutions to provide you with...

- A variety of enjoyable, all-inclusive physical activities, designed to build self-confidence, and promote cooperation, fair play, and responsible participation, while encouraging lifetime fitness pursuits.
- More activities that are action-packed, providing lots of choices and opportunities to challenge your students with countless opportunities for success, no matter the skill level.
- Fun, movement and skill-based games, provided in a context of realistic situations that promote the skills of communication, cooperation and personal responsibility, while learning to apply critical thinking and problem solving; crucial life-skills that are necessary to allow all of us to think for ourselves and be productive human beings. Incorporating these skills in games is the perfect way to teach for transfer by providing children with a hands-on approach to practicing and learning skills of this nature.
- Games that go beyond exhibiting rote memorization of performing skills to games and activities that present problems, thus requiring students to learn how to brainstorm, collaborate, put into action and evaluate strategies in order to be successful.
